## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Citizens of Moultonboro:*

There were 120 different pupils registered in the schools in the year of 1927-1928. The Tables below give the attendance record of each pupil. Both rooms at Center Harbor are given, although only the Primary room is supported by Moultonboro. This detailed report may seem a useless expense but really has been a great value in securing a marked improvement in the attitude of parents, teachers, and pupils.

All citizens of the town who take pains to show the pupils their approval of excellent attendance, and who as carefully avoid condemning irregularities, are very helpful in securing better traditions.

Graduates from Moultonboro are doing well in the secondary schools.

This year, 1928-1929, the Greene Corner School was opened again, making necessary another teacher and extra expense for seats, supplies, etc.

Owing to the shortage of funds, we have been almost too conservative in our supplies to the schools. Several new sets of text-books are needed, reference books, maps, etc. Modern seats are needed in the Ambrose School.

There are 244 School Districts in New Hampshire. In these Districts, the cost for current maintenance per One Thousand Dollars of equalized valuation ranges from No. 1 at \$3.48 to No. 244 at \$22.27. No. 122 is \$10.02. Moultonboro is No. 39 with \$6.66.

Respectfully submitted,

E. W. SMALL.
